

CLAIMS

What is claimed is:

- 5 1. A lighted accessory comprising:
- at least one decorative element, wherein said decorative element comprises at least one
holding element for receipt of a chemiluminescent article wherein said at least one holding element
comprises openings directly displaying said chemiluminescent article;
- at least one functional element, wherein said functional element comprises at least one
10 attachment member for disposing said accessory on a wearer; and
- at least one chemiluminescent article.
2. The accessory of claim 1 wherein said decorative element additionally comprises a
reflective element.
- 15 3. The accessory of claim 2 wherein said reflective element comprises at least one
reflective material selected from the group consisting of metal, ceramic, and plastic.
4. The accessory of claim 2 wherein said reflective element comprises a finished surface,
20 said finished surface comprising a surface selected from the group consisting of hammered, ribbed,
paneled, polished, and slightly reflective surfaces.
5. The accessory of claim 2 wherein said reflective element comprises a shape selected
from the group consisting of circular, elliptical, triangular, rectangular, polygonal, and irregular.
- 25 6. The accessory of claim 2 wherein said reflective element comprises a configuration
selected from the group consisting of a planar and three-dimensional shape.

7. The accessory of claim 1 wherein said holding element additionally comprises a closing member.

8. The accessory of claim 7 wherein said closing member comprises a member selected
5 from the group consisting of a tapered holder, balls, beads, and covers.

9. The accessory of claim 1 comprising multiple holding elements.

10. The accessory of claim 1 wherein said holding element comprises at least one member
10 selected from the group consisting of a partially opaque and a translucent member.

11. The accessory of claim 10 wherein said partially opaque member comprises a fixed translucent area.

12. The accessory of claim 1 wherein said decorative element additionally comprises an
15 ornamental element wherein said ornamental element is selected from the group of opaque and translucent members.

13. The accessory of claim 12 wherein said ornamental element comprises at least one
20 semi-precious stone.

14. The accessory of claim 12 wherein said ornamental element is back-lit by said chemiluminescent article.

15. The accessory of claim 1 wherein said accessory comprises at least one article selected
25 from the group consisting of an earring, necklace, pendant, brooch, ring, tiara, bracelet, purse, satchel, backpack, scarf, and umbrella.

16. A lighted accessory comprising:

at least one decorative element, wherein said decorative element comprises at least one holding element for receipt of a chemiluminescent article and at least one ornamental element;

5 at least one functional element, wherein said functional element comprises at least one attachment member for disposing said accessory on a wearer; and
at least one chemiluminescent article.

17. The accessory of claim 16 wherein said decorative element additionally comprises a reflective element.

18. The accessory of claim 17 wherein said reflective element comprises at least one reflective material selected from the group consisting of metal, ceramic, or plastic.

19. The accessory of claim 17 wherein said reflective element comprises a finished surface, said finished surface comprising a surface selected from the group consisting of hammered, ribbed, paneled, polished, and slightly reflective surfaces.

20. The accessory of claim 17 wherein said reflective element comprises a shape selected from the group consisting of circular, elliptical, triangular, rectangular, polygonal, and irregular.

21. The accessory of claim 17 wherein said reflective element comprises a configuration selected from the group consisting of a planar and a three-dimensional shape.

22. The accessory of claim 16 wherein said holding element additionally comprises a closing member.

23. The accessory of claim 22 wherein said closing member comprises a member selected from the group consisting of a tapered holder, balls, beads, and covers.

24. The accessory of claim 16 comprising multiple holding elements.

25. The accessory of claim 16 wherein said holding element comprises a member selected
5 from the group consisting of a partially opaque and translucent member.

26. The accessory of claim 25 wherein said partially opaque member comprises a fixed
translucent area.

10 27. The accessory of claim 16 wherein said decorative element additionally comprises an
ornamental element wherein said ornamental element comprises a member selected from the group
consisting of opaque and translucent members.

15 28. The accessory of claim 27 wherein said ornamental element comprises at least one
semi-precious stone.

20 29. The accessory of claim 27 wherein said ornamental element is back-lit by said
chemiluminescent article.

30. The accessory of claim 16 wherein said accessory comprises an article selected from the
group consisting of an earring, necklace, pendant, brooch, ring, tiara, bracelet, purse, satchel, backpack,
scarf and umbrella.
